

Lego Review Game

Materials Needed:

One Boardgame (print and connect the two sides)

Die

Lego Minifigures (one for each player)

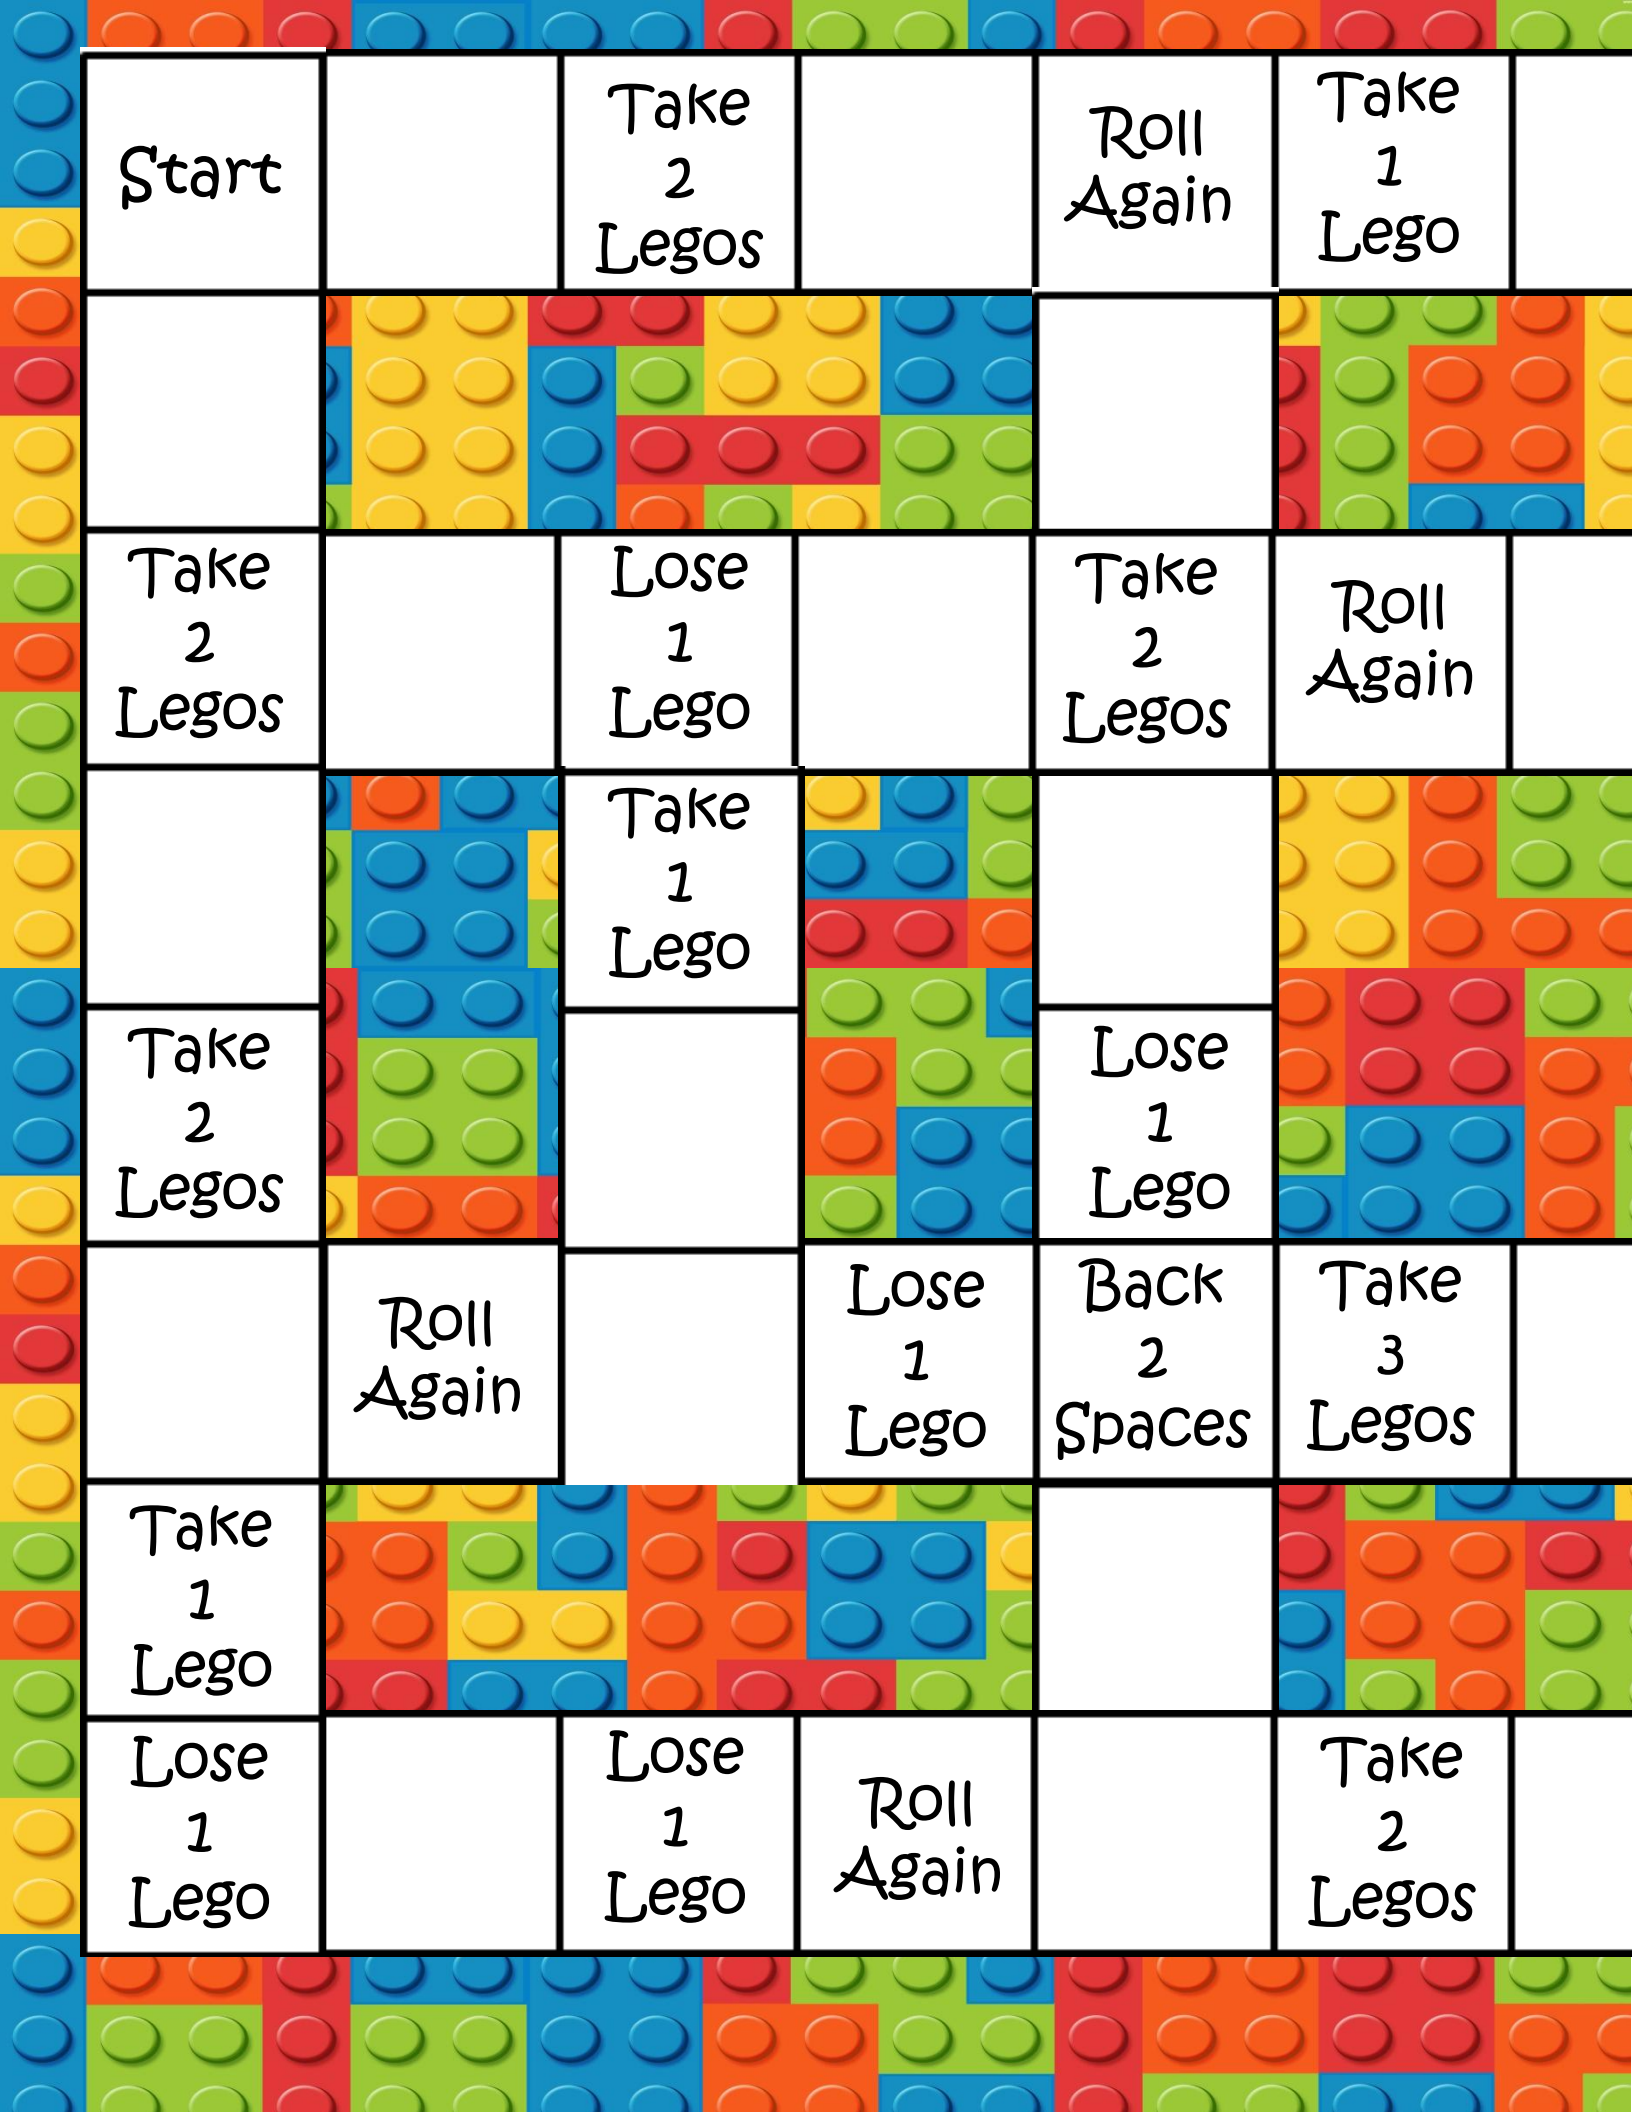

Lego 2x2 bricks (enough for each player to have 5-10)

Game Play:

Each player chooses a minifigure and starts at the "Start".

Answer a review question, roll the die and move accordingly. If you land on a "Take Lego" space, put the Lego beneath your minifigure, creating a tower underneath. If you land on "Lose Lego", remove a brick from your tower.

Follow any path you like to reach the "Finish" space. First minifigure to finish is awarded 3 bonus Lego pieces. Minifigure with the tallest tower wins!
